PROFILE

I am a highly motivated and results-driven individual, as demonstrated by my extensive experience in public education. As a graduate of the General Assembly Immersive Web Design class, and in my role as a web developer at 360Connect, I have continued to develop my passion for creativity and problem solving and gained valuable experience as a web developer.

EXPERIENCE

WEB DEVELOPER

360CONNECT | JAN 2017 - JAN 2018

- Responsible for development and maintenance of company websites
- Analyze A/B testing data to ensure optimal user experience for customers
- Migrated and built new multi-sites in Wordpress
- Used several website testing/optimization tools such as SessionCam, VWO, BrowserStack, StatusCake, and Ghost Inspector

BAND DIRECTOR

AUSTIN ISD | OCT 2001 - AUG 2016

- Responsible for development and implementation of educational curriculum for entire program
- Served as Team Leader and Department Chair for Fine Arts staff

SKILLS

- HTML/CSS
- Javascript/JQuery
- Github
- PHP
- ReactJS
- MongoDB
- Express
- Wordpress

PROJECTS

GENERAL ASSEMBLY PROJECTS

PET FINDER

A group project designed to match potential pet owners to their ideal pet using MongoDB.

URBANLIBS

A group project app based on mad-libs, using a database and the Urban Dictionary API.

ONLINE PRACTICE RECORDS

An app for music students to track practice time and materials. The app was developed using PHP and a MySQL database.

EDUCATION

GENERAL ASSEMBLY WEB IMMERSIVE PROGRAM

AUGUST-OCTOBER 2016

A 12 week immersive training program designed to teach the fundamentals of full-stack programming. In this environment, I learned how to build quality programs with teams and on individual projects.

BACHELOR OF MUSIC, MAJOR IN MUSIC EDUCATION

UNIVERSITY OF TEXAS- AUSTIN | 1984-1988
